

Table 4
Number of individuals with a DTC certificate by duration, age group and restriction, 2021

This table presents the number of individuals with an accepted DTC certificate broken down by age group, and by restriction(s) in BADL as reported by a medical practitioner to the CRA. Individuals who report multiple restrictions on their DTC certificate are counted for each restriction, while the "Total Unique Certificates" column presents a count of unique eligible individuals for that age group. As such, this column will not add up to the sum of the previous columns.
