

## HOLIDAY REFLECTIONS

As we say good bye to 2013, we would like to highlight that this year marked the start of the revitalization of Canada Communicable Disease Report (CCDR). Volume 39 of the CCDR included 2 issues and five Advisory Committee Statements. From all of us in the Editorial Office, we extend our thanks to the Editorial Board, the many people within the Agency who have supported the journal, our contributors, peer reviewers and readers. We wish you a wonderful holiday season and all the best for 2014.
